THE COMPLETE BUILDING CONTRACTING SERVICES

WHO ARE WE?

Bestrong Building Contracting LLC is a UAE-based construction company offering architectural, structural, MEP, interior, and landscape solutions, along with supervision and project management services.

With our main office in Dubai, we are well-positioned to serve clients across the UAE with efficiency and reliability. As part of the **Bestrong network**, we work closely across design, construction, and fit-out divisions to deliver complete, integrated project solutions with quality, professionalism, and trust.

WHY CHOOSE US

Experienced & Multidisciplinary Team

Our team brings extensive experience in architecture, engineering, interiors, and project management, ensuring strong technical expertise and guidance.

Strong UAE Presence

With our presence in Dubai, we provide efficient service, seamless coordination, and strong local expertise across the UAE.

End-to-End Solutions

As part of Bestrong Building Contracting LLC, we integrate design, consultancy, fit-out, landscape, and construction services—delivering a complete and unified project approach.

Commitment to Quality & Compliance

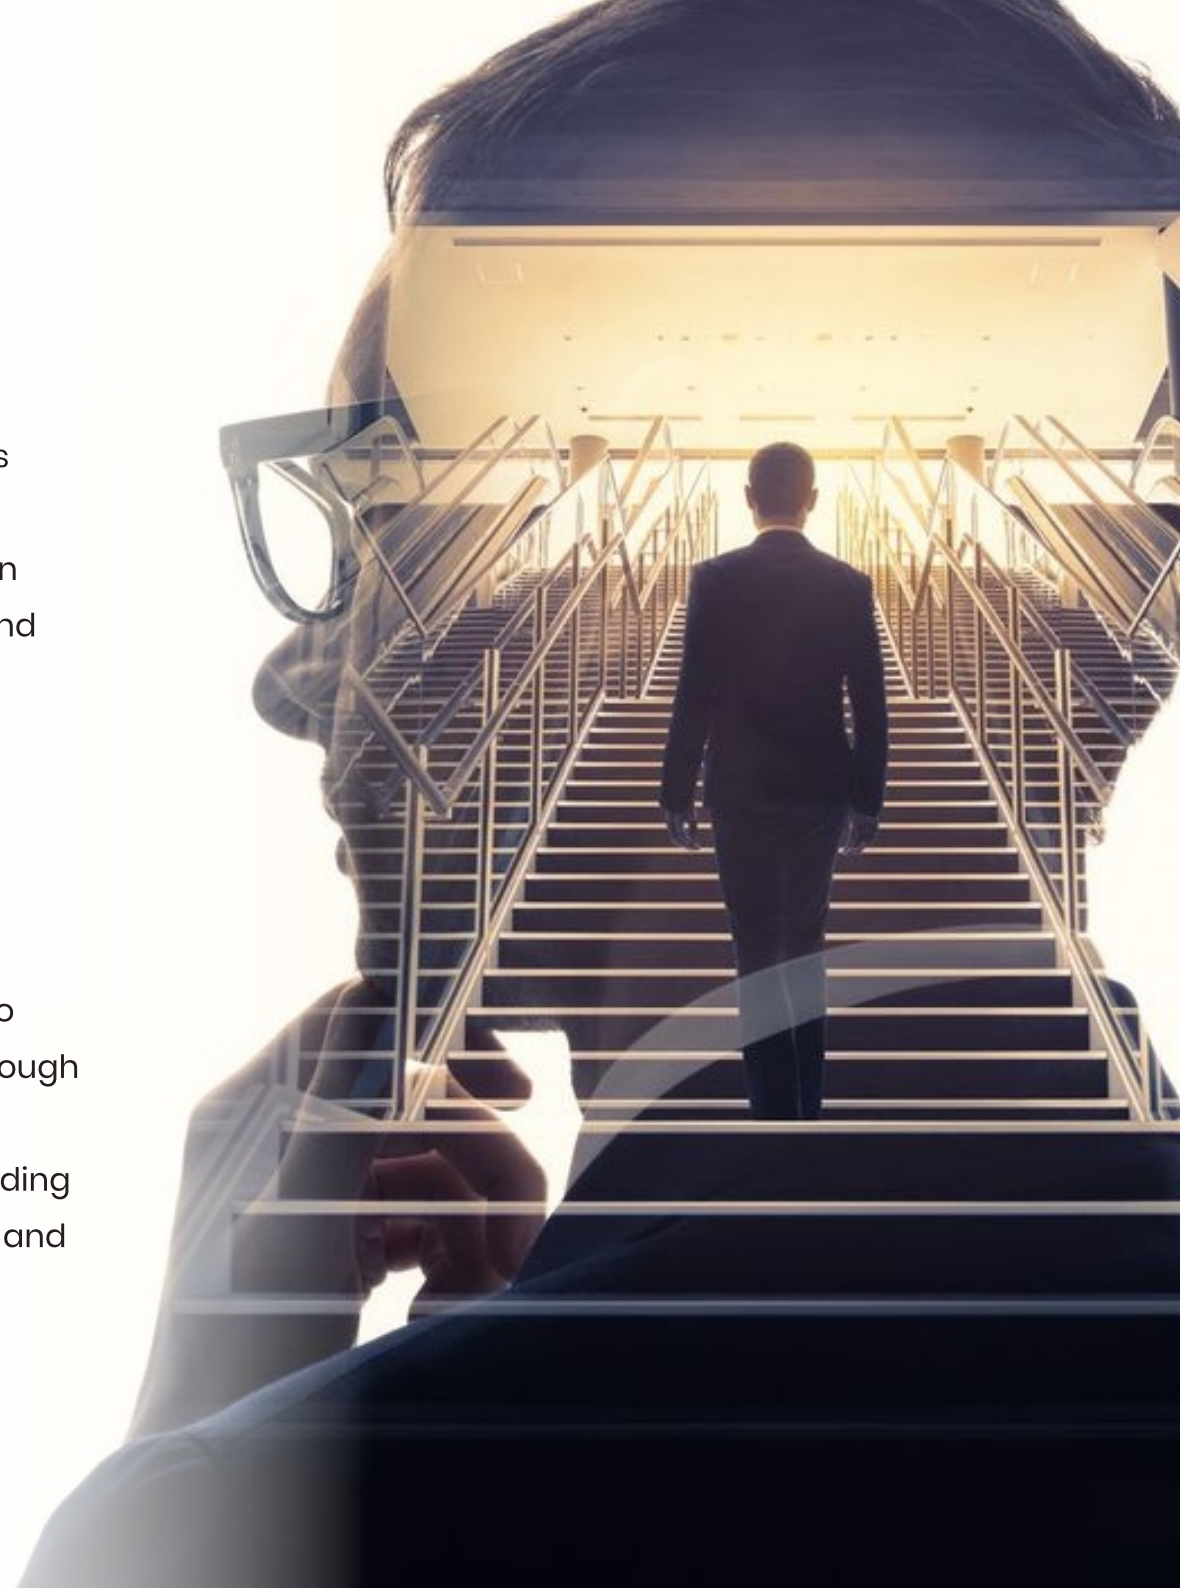

Every project is executed with strict adherence to UAE regulations, safety standards, and industry best practices.

Mission

At **Bestrong Building and Contracting**, our mission is to deliver high-quality, innovative, and sustainable construction solutions that enhance the lives of our clients and communities. We are committed to excellence, integrity, and customer satisfaction in every project we undertake. By fostering strong relationships and employing cutting-edge technologies, we aim to build not just

Vision

We aim to lead the construction industry with a commitment to quality, innovation, and sustainability. By shaping the future through eco-friendly designs, empowering communities with resilient spaces, and setting new standards of excellence, Bestrong Building and Contracting strives to build a better future where strength and innovation go hand in hand.

CORE VALUES

1. Integrity

We uphold transparency, honesty, and professionalism in every decision and every project.

2. Innovation

We embrace modern technologies, creative thinking, and smart solutions to deliver future-ready projects.

3. Quality Excellence

We maintain strict attention to detail, ensuring every project meets the highest standards of safety and compliance.

4. Client Commitment

We prioritize client needs by delivering personalized solutions with clear communication and reliable support.

5. Collaboration

We work closely with clients, contractors, and all divisions within Bestrong Building Contracting LLC to ensure seamless project delivery.

6. Sustainability

We build with purpose—focusing on environmental responsibility, energy efficiency, and long-term value.

Ayaz Butt is the **Founder & Chairman of Bestrong Building Contracting LLC**, providing strategic vision and long-term direction for the company. With a strong foundation in the construction industry, he plays a vital role in shaping the company's growth, guiding its values, and ensuring a commitment to excellence, innovation, and sustainability.

His leadership continues to drive **Bestrong** toward new opportunities and long-term success.

Mr. Ayaz Butt

About Us

We Are Passionate

Bestrong - Where Dreams Take Shape At Bestrong, passion is not just a word; it's the driving force behind everything we do. We are a team of dedicated individuals united by a shared love for Building and Constructing. Our journey began with a simple belief -that passion has the power to transform ideas into action and aspirations into achievements.

By innovative ideas, we love pushing boundaries, exploring new ideas, and finding creative solutions.

The Result? Exceptional Outcomes.

Honest & Capable

At Bestrong, we believe in the power of honesty and capability to drive meaningful and lasting relationships. Our journey began with a simple yet profound idea: to create a space where transparency and expertise converge, providing our clients with unparalleled service and results.

Honesty is Our Foundation. Integrity is the cornerstone of everything we do.

Driven by Capability, our team is a collective force of skilled and passionate individuals who bring diverse talents to the table. We don't just talk about capability; we demonstrate it in every project we undertake.

We Build Your Dream

At Bestrong, we don't just construct buildings; breathe life into dreams. Our story is one of passion, precision, and a relentless commitment to turning your visions into reality. When you choose us, you're not just selecting construction company; you're partnering with dream architects.

Crafting Dreams, Building Legacies

We believe that every structure we build is a testament to a dream fulfilled. Whether it's a cozy home, a cutting-edge office space, or a community hub, we understand that behind every project is a unique vision.

Project

Jumeirah Village Triangle

2 Bespoke Villas

At Bestrong, our expertise lies in the art of revitalizing existing structures through our exceptional renovation building services.

Bestrong proudly presents its turnkey project in the heart of Jumeirah Village Triangle, showcasing two bespoke villas that epitomize luxury and sophistication. From concept to completion, our comprehensive scope covers main contracting, exquisite interior designing, and meticulous landscaping.

These villas stand as a testament to our commitment to excellence, where every detail has been carefully curated to create spaces that harmonize opulence with functionality. Our team meticulously oversaw every stage, ensuring flawless execution and a seamless integration of superior craftsmanship and innovative design.

From the grandeur of the architecture to the intricacies of interior spaces, Bestrong's expertise shines through. Our dedication to delivering turnkey solutions reflects in these residences, where stunning aesthetics meet unparalleled comfort. The landscaping, a blend of artistry and nature, enhances the beauty of these homes, offering a serene and welcoming environment.

These bespoke villas not only exemplify our capabilities in design and construction but also stand as a testament to our commitment to exceeding expectations and bringing dreams to life.

Project Jumeirah Park Custom Designed Mansion

Bestrong's latest venture in Jumeirah Park is more than just a mansion; it is a symbol of architectural brilliance and a pinnacle of luxury living.

As the main contractor for this prestigious project, Bestrong has undertaken the responsibility of bringing to life a residence that transcends traditional standards.

The exterior of the mansion stands as a testament to the grandeur that defines this master piece. Meticulously crafted, the architectural design captures the essence of opulence while seamlessly blending with the exclusive surroundings of Jumeirah Park. The exterior is not just a structure but an embodiment of prestige and sophistication.

Upon entering the mansion, one is immediately immersed in a world of unrivaled luxury. The interior spaces have been meticulously designed, leaving no detail overlooked. From the choice of materials to the layout of each room, every decision reflects Bestrong's commitment to excellence. The result is a harmonious blend of aesthetics and functionality, creating a living space that is as comfortable as it is visually stunning.

Bestrong's role as the main contractor is crucial to the success of this project. These amless construction process is a testament to the company's expertise and dedication. By overseeing every aspect of the project, from initial planning to final execution, Bestrong ensures that the end result surpasses even the loftiest expectations.

Quality and innovation are at the core of Bestrong's philosophy, and these principles are evident in every corner of this custom-designed mansion. The attention to detail,

Project JGE 3D

The project scope for constructing the villa, identified as Villa - JGE-OL-A-F071, entails the comprehensive development of a residential property awarded in March 2024 with a completion date set for April 2025. The construction will include a multi-level villa comprising a basement (1B), ground floor (G), first floor (1), and roof (1R). The villa will feature various amenities such as living spaces, bedrooms with en-suite bathrooms, a kitchen, utility rooms, and leisure areas, including balconies and terraces. Additionally, the project involves building a perimeter boundary wall integrated with security features and constructing an in-ground swimming pool equipped with filtration and heating systems, accompanied by landscaping.

The project will proceed through several phases, beginning with initiation and site preparation in March 2024, followed by the finalization of designs and approvals by May 2024. The construction phase, spanning from June 2024 to February 2025, will cover foundation work, structural development of each floor, roofing, and interior finishing. The final phase in March and April 2025 will involve inspections, quality checks, landscaping, and handover to the client.

Throughout the project, strict adherence to local building codes and regulations will be maintained, with regular inspections ensuring compliance with design and safety standards. The project will be managed by designated project and construction managers, ensuring that all deliverables, including the fully constructed villa, boundary wall, and swimming pool, meet the highest quality standards within the specified timeframe.

Project Scope

- Multi-level structure: Basement (1B), Ground Floor (G), First Floor (1), Roof (1R)
- Living spaces, bedrooms with en-suite bathrooms, kitchen, utility rooms, and leisure areas
- Balconies and terraces
- Construction of a perimeter boundary wall
- Design and construction of an in-ground swimming pool
- Installation of filtration and heating systems
- Landscaping around the pool area

Project Villa 40 JVT

Experience the pinnacle of luxury living in the heart of Jumeirah Village Circle (JVC) with our exquisite villa. Meticulously crafted with a beautiful layout and high-end finishes, this stunning residence redefines elegance and sophistication.

Step inside and be greeted by the grandeur of a spacious interior adorned with floor-to-ceiling glass windows that bathe every corner in natural light, seamlessly blending the indoor and outdoor spaces. Marvel at the unparalleled craftsmanship and attention to detail evident in every aspect of the villa's design, from the sleek lines of the architecture to the exquisite finishes that adorn every surface.

Indulge in the ultimate relaxation with your very own private indoor swimming pool, where you can unwind and rejuvenate in the comfort of your home. Whether you're seeking solace after a long day or entertaining guests in style, the pool area provides a luxurious retreat that epitomizes modern living.

Located in the vibrant community of JVC, our villa offers more than just a home; it offers a lifestyle of unparalleled luxury and convenience. With its prime location, world-class amenities, and breathtaking design, this is your opportunity to elevate your living experience and immerse yourself in the epitome of sophisticated living in JVC. Welcome home to luxury redefined.

Project Scope

- Location: Heart of Jumeirah Village Circle (JVC)
- Residential Villa G+1+1R
- Meticulously crafted layout
- Perimeter boundary wall surrounding the villa
- Spacious interior with floor-to-ceiling glass windows
- Abundant natural light
- Private indoor swimming pool for relaxation and entertainment
- Prime location within a vibrant community
- World-class amenities

Project

MBR City District One

The project centers around the development of a residential villa situated at Plot No. 3470855 in District One. Commencing in April 2024 and slated for completion by October 2025, this endeavor represents a meticulous construction initiative aimed at crafting a sophisticated living space. The villa's architectural design encompasses a basement (1B), ground floor (G), first floor (1), and roof (1R), each meticulously planned to optimize functionality and aesthetic appeal. Beyond the villa's structural elements, the project extends to include the construction of a perimeter boundary wall, ensuring privacy and security, alongside the installation of an inviting in-ground swimming pool, enriching the property's leisure amenities.

A cornerstone of the project is its commitment to adhering to local building regulations and quality standards. Throughout the construction journey, stringent protocols for compliance and quality control will be upheld, with regular inspections and assessments carried out to maintain the highest standards of craftsmanship and safety. This dedication underscores the project's ethos of delivering not just a residence, but a sanctuary of superior quality that exceeds expectations.

Guiding this ambitious endeavor is a dedicated project management team, tasked with orchestrating the seamless execution of every aspect of the construction process. Through meticulous planning, effective coordination, and proactive problem-solving, the team aims to ensure the timely realization of the villa's vision. Ultimately, this project aspires to culminate in the creation of a distinguished residential haven, meticulously crafted to elevate the standards of modern living and fulfill the unique desires of its future occupants.

Project Scope

- Construction of a residential villa
- Structure: Basement (1B) + Ground Floor (G) + First Floor (1) + Roof (1R)
- Construction of a perimeter boundary wall
- Installation of a swimming pool

Project

Al Furjan Afnath 001

The ambitious project at Al Furjan, identified as AFNATH001, is set to redefine residential living with the construction of four townhouses. Nestled within the vibrant community of Al Furjan, these townhouses will offer a blend of modern comfort and traditional charm. Awarded in January 2024, the project is slated for completion by August 2025, promising to deliver meticulously crafted homes that meet the diverse needs of future residents. With a prime focus on quality and innovation, this endeavor aims to elevate the standards of contemporary living in one of Dubai's most sought-after neighborhoods.

Each townhouse within the development will feature a thoughtfully designed layout, comprising a ground floor and first floor. The ground floor will encompass inviting living spaces, a well-appointed kitchen, a guest bedroom, and a bathroom, providing residents with ample space for relaxation and entertainment. Meanwhile, the first floor will house bedrooms equipped with en-suite bathrooms, offering privacy and comfort, along with a cozy family lounge where residents can unwind and connect with loved ones. With attention to detail at every turn, these townhouses will exude a sense of luxury and sophistication, setting a new benchmark for residential living in Al Furjan.

Throughout the project, a dedicated project management team will oversee the construction process, ensuring efficient coordination and timely execution of tasks. Adhering to stringent quality standards and local regulations, regular inspections and assessments will be conducted to uphold the highest levels of craftsmanship and safety. With a commitment to excellence and a vision to create homes that inspire and delight, the Al Furjan townhouse project represents a testament to innovation and architectural ingenuity, poised to leave a lasting impression on Dubai's ever-evolving real estate landscape.

Project Scope

- Location: Al Furjan
- Project Code: AFNATH001
- Structure: Ground Floor (G) + First Floor (FF)
- Construction of 4 townhouses
- Townhouse comprising ground floor and first floor

Project

Jumeirah Park Boutique Villa

The proposed project encompasses the design and construction of a residential dwelling on an expansive 8000 sqft plot, with a built-up area (BUA) of 6700 sqft. This three-story structure will feature five bedrooms, providing ample living space for a comfortable and luxurious lifestyle. The architectural plan includes a ground floor, first floor, and second floor, totaling a G+2 configuration. Each floor will be meticulously designed to optimize functionality, aesthetic appeal, and spatial efficiency. The incorporation of large windows and open spaces will enhance natural light penetration and create a seamless connection with the surrounding environment.

Furthermore, the project will prioritize a harmonious blend of modern aesthetics and practical living, ensuring a residence that not only meets the functional requirements but also reflects a timeless and elegant architectural style. The construction process will adhere to high-quality standards, employing durable materials and efficient construction techniques to bring this vision to life. The commitment to architectural excellence extends to the incorporation of sustainable and energy-efficient features, aligning the design with contemporary environmental considerations. This approach aims to create a home that not only provides a luxurious living experience but also stands as a sustainable and responsible contribution to the community.

In addition to the interior spaces, the project will culminate in a rooftop terrace, offering panoramic views and serving as an ideal space for relaxation or social gatherings. The rooftop terrace will be thoughtfully designed to maximize the use of outdoor space while maintaining a cohesive aesthetic with the overall architectural design. This elevated area will provide residents with a private retreat, allowing them to enjoy the beauty of the surrounding landscape and creating a seamless transition between indoor and outdoor living. Overall, the project aspires to deliver a sophisticated and well-designed residence that stands as a testament to both craftsmanship and contemporary living, creating a harmonious and functional environment for its occupants.

Project Scope

- Design and built
- Land 8000 sqft
- Bua 6700 sqft
- 5 bedrooms
- G+2
- Roof terrace

Project Al Thanyah Fifth

Featuring a stunning collection of villas in various layouts, Al Thanyah Fifth is a premier residential community located in Dubai. It is planned to be a self-sustaining neighborhood with a large number of villas and apartments providing affordable residences. The residences offer spectacular views of the surrounding areas.

There are world-class facilities, which offer a wide range of activities such as water sports and shopping, five-star hotels, international cuisine, spas and theme parks in the surrounding area. Equipped with premium features and amenities, comfort and convenience is something that exceeds the expectations. Fine dining, entertainment and leisure venues adapted to a cosmopolitan lifestyle, with easy access to lots of retail.

There are many facilities which offer a wide range of activities such as shopping malls, restaurants, watersports, five-star hotels, international cuisine, spas and theme parks in the surrounding area. Due to its main location and great connectivity choices, it is progressive and includes elements thus paving the way for a great lifestyle.

Project Scope

- Proposed B+g+1 Villa

Project

Jumeirah Village Residential Villa G1

The Jumeirah Village Residential Villa type G1 is part of Dubai's Jumeirah Village Circle (JVC), a family-friendly, suburban-style community. G1 villas typically feature three to four bedrooms, spacious layouts, and private gardens. Built for comfort and functionality, they often include open-plan living areas, en-suite bathrooms, built-in wardrobes, and private parking. The architecture combines modern design with Mediterranean influences, blending aesthetics with practical living spaces.

The community provides amenities like parks, fitness centers, and retail outlets nearby, creating a self-sufficient environment.

Project Private Residential Villa

The Private Residential Villas in Jumeirah Village Circle (JVC) offer a luxurious and spacious lifestyle within a family-friendly community. These exclusive villas feature expansive living spaces with multiple en-suite bedrooms, private gardens, and pools, all designed for comfort and privacy. Interiors are finished with high-quality materials, including marble and polished wood, and come equipped with modern kitchens and smart home technology.

Residents benefit from dedicated parking, 24-hour security, and access to nearby parks, fitness centers, and retail outlets, creating an ideal blend of private luxury and community convenience.
